- Comment "GUIDE" to get it.

RTF:

Role, Task, Format

- **Role:** A seasoned LinkedIn social media expert.

Task: Draft a captivating LinkedIn post about [Topic].

Format:

{A punchy hook (max 9 words)}

{A counter-hook starting with "But" (max 9 words)}

"Instead of {Common Advice}, try this:

{Step 1}

{Step 2}

{Step 3}

{Step 4}

{Step 5}

In short: {Practical Tip for Success}."

● RTF (Role, Task, Format)

RTF stands for Role, Task, and Format. And it's a classic.

The role should be your current role, the task should be what you want it to accomplish, and the format should be the final output you want.

RACE:

Role, Action, Context, Expectation

[ROLE]

Act as a Market Research Analyst.

[ACTION]

Analyze emerging trends in renewable energy.

[CONTEXT]

The focus is on identifying potential growth areas and consumer trends in solar and wind energy markets over the last five years, considering technological advancements and regulatory changes.

[EXPECTATION]

The expected outcome is a detailed report that includes market forecasts, competitor analysis, and recommendations for investment opportunities, aiming to guide strategic decisions for a renewable energy investment firm.

● RACE (Role, Action, Context, Expectation)

RACE (Role, Action, Context, Expectation)

RACE adds depth to RTF by including context and expectations. Ideal for detailed, scenario-specific prompts.

RISEN:

Role, Instructions, Steps, End Goal

[ROLE]

Take on the role of a Social Media Manager for a health and wellness brand.

[INSTRUCTIONS]

Your task is to increase brand awareness and follower engagement on social media platforms.

[STEPS]

Analyze current social media performance and audience insights. Create a content strategy focusing on educational and motivational posts. Schedule daily posts and bi-weekly interactive stories or live Q&A sessions. Collaborate with influencers for cross-promotion and greater reach. Launch a monthly hashtag challenge to encourage user-generated content. Implement a feedback loop to refine strategy based on engagement metrics.

[END GOAL]

The ultimate objective is to grow the follower base by 30% and double the engagement rate on all posts within three months. Implement [NARROWING] Focus on platforms where our target demographic is most active, such as Instagram and Pinterest, and tailor content to resonate with their specific interests and trends in health and wellness.

● RISEN (Role, Instructions, Steps, End Goal)

RISEN ensures AI follows your roadmap.

Perfect for goal-driven, step-by-step tasks.

RODES:

Role, Objective, Details, Sense Check

[ROLE]

Assume the role of a User Experience Designer focusing on e-commerce websites.

[OBJECTIVE]

Your goal is to increase the website's conversion rate by improving the user interface for a smoother, more intuitive shopping experience.

[DETAILS]

Detail specific changes such as streamlining the checkout process, optimizing the product search function, and enhancing mobile responsiveness.

[EXAMPLES]

Look at industry leaders like Amazon for inspiration, particularly their checkout flow and product recommendation system.

[SENSE CHECK]

Assess whether the proposed changes align with user behavior patterns identified in site analytics and consider the implementation timeline and budget constraints.

- **RODES (Role, Objective, Details, Examples, Sense Check)**

RODES leverages benchmarks for actionable strategies.

You've got the tools. Now put them to work.
